

Tour Santiago de Compostela

Santiago de Compostela - It is an internationally famous city as one of the most important Christian pilgrimage destinations in the world, whose popularity is possibly only surpassed by Rome and Jerusalem. Connected to this tradition, dating back to the founding of the city in the 9th century, stands the Baroque cathedral of Santiago, which houses the tomb of Santiago Maior, one of the apostles of Jesus Christ.

The visit to this tomb marks the end of the pilgrimage, whose journeys, called the Way of Saint James or the Milky Way, extend throughout Western Europe over thousands of kilometers. Since 1985 its historic center (old town) is included in the list of UNESCO World Heritage. In 1993 the Road to Santiago was also included in this list, which had already been classified as the first European cultural itinerary by the Council of Europe in 1987.
